Subj: QUESTIONNAIRE FOR U.S. NAVY CHAPLAIN CORPS HISTORY  
VOLUME 11 (BIOGRAPHIES)

Encl: (1) Questionnaire

1. One of the ongoing projects assigned to the Chaplain Resource Branch is the chronicling of the history of our Corps. This history is published in volumes under the title History of the Chaplain Corps, U.S. Navy. Our next volume of biographical and service record sketches (Volume XI) is now being prepared. In order for it to be complete, it is imperative that we gather information about all the chaplains who served on extended active duty from 01 January 1992 - 31 December 2001. The success of this project depends on your help. Because no readily accessible alternative record of chaplain assignments, awards, special achievements, and retirements exists, your assistance in providing your information is essential. I ask that you complete the enclosed questionnaire and return it to the Chaplain Resource Branch within 30 days of receipt, or, if you wish, you may complete the questionnaire online at: <http://www.chaplain.navy.mil/Vol11Survey/Vol11.asp>.

2. Your careful attention to the details of this form will be appreciated. I thank you in advance for your cooperation and assistance.

*Barry C. Black*
